BITE-SIZED SNACKS

Tosi has introduced two new flavors to its SuperBites line: Almond Dark Chocolate Sea Salt and Peanut Butter & Jelly. Tosi SuperBites are made with almonds, cashews, flax seeds, white sesame seeds, and chia seeds, and provide 5g to 20g of protein per bar depending on size and flavor. The products are USDA Certified Organic, Non-GMO Project Verified, Glyphosate Residue Free, and Kosher. www.tosi.com

TOFFEE BITES

Cocomels has debuted Dark Chocolate-Covered Toffee Bites. Free from dairy, gluten, and GMOs, these new poppable snacks are also free from corn syrup, cholesterol, and artificial ingredients, and are organic and vegan. Each crunchy coconut milk toffee bite is covered in 60% dark chocolate and has only 1g of sugar. www.cocomels.com

SESAME MILK

Hope and Sesame has expanded its line of non-GMO, organic sesame milk in both refrigerated and aseptic varieties. Both varieties come in multiple flavors and contain eight grams of complete protein per serving. The products are vegan, Kosher, Certified Gluten-Free, and free from soy and dairy. They're also a source of Vitamin D and calcium. www.hopeandsesame.com

TURKEY GRAVY

Diessel Farms has released a new heat-and-eat holiday turkey gravy. The gravy is made with bone broth and features a classic roux (made with real butter) plus savory herbs like sage, rosemary and thyme. In addition to being USDA Certified Organic, the turkey gravy is free of sugar, lower in sodium than other store-bought gravies, and contains no artificial ingredients, cane syrup, carrageenan, soy lecithin, or xanthan gum. www.diesselturkey.com

PLANT-BASED CHEESE

Follow Your Heart has added three products to its plant-based cheese line up: Finely Shredded Cheddar, Finely Shredded Mozzarella, and Bleu Cheese Crumbles. All three cheeses are vegan and are free of soy, casein, gluten, lactose, and preservatives, and are made with non-GMO ingredients. www.followyourheart.com

ELDERBERRY VINAIGRETTE

Erin's Elderberries has released an Elderberry Vinaigrette. Made with all certified organic ingredients and Erin's Elderberry Syrup, the company recommends eating the dressing with salad or fruit. The syrup uses no emulsifiers. www.erinselderberries.com

1.5 BILLION YEARS IN THE MAKING

our commitment to sustainability ensures we protect our natural resource

SUSTAINABILITY

We bottle our water responsibly on site. Every drop comes from fresh water springs from two ice age aquifers under our 1,700 acres of pristine land deep in the foothills of the **Adirondack Mountains**.

RECYCLED PET

We make every bottle on site using 100% recycled PET (Post Consumer Resin), BPA-free and BPS-free.

CARBON NEUTRAL BY 2024

We have a plan to be certified carbon neutral by 2024. We are committed to:

- Reducing our environmental footprint.
- Engaging openly in sustainability issues.
- Supporting sustainable development.
- Developing a 300 acre alternative energy farm.
